Thank you for helping the Rimutaka Forest Park Trust to continue its good work keeping kiwi wild in Wellington.

Remember that your contribution is tax deductible. You will receive a tax receipt in the post.

Your sponsorship means a lot to us and the kiwi we help protect.

If you have any questions or comments, please email sponsors@rimutakatrust.org.nz

Rimutaka Forest Park Trust

Rimutaka Forest Park is a beautiful area of mostly native forest in the hills east of New Zealand's capital city, Wellington.

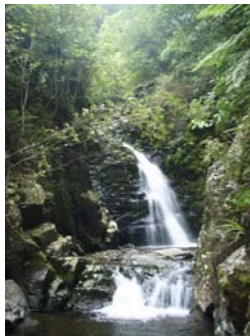

It encompasses the Rimutaka Ranges and Orongorongo River, just north of the spectacular earthquake terraces and seal colony at the Turakirae Head Scientific Reserve.

Rimutaka Forest Park Charitable Trust is a non-profit organisation committed to protecting and restoring the unique flora and fauna of the Rimutaka Forest Park

We believe that the trust, in partnership with the local community and Tangata Whenua - and with support from DOC and a myriad of interested groups can succeed in restoring a self-sustaining natural biodiversity. Here indigenous flora and fauna will flourish and allow visitors to the park to enjoy unlimited access to the precious

Taonga o Ngahere o Aotearoa.

Sponsor a Kiwi

Keeping Kiwi Wild in Wellington

Sponsor a kiwi \$50 / year

Sponsoring a kiwi helps our most iconic bird throughout its lifetime.

You will be able to choose the kiwi you would like to sponsor from a list of those currently in our care.

Every year you will receive an update on your kiwi, how they are growing, what they are up to or if they have become a parent.

It costs \$50 a year to sponsor a kiwi. This helps us to care for and track them. It also helps us train and equip our volunteers.

Sponsor a Trap \$25 / year

We have installed over 500 traps in the Rimutaka Forest Park. These help keep predator numbers down. The biggest threat to young kiwi is stoats and by installing these traps we have given kiwi a fighting chance to re-populate the area.

For your \$25 sponsorship, you will receive a certificate with the trap identification numbers. You will also receive updates with trapping data and information on the kiwi population.

Name a kiwi chick \$1,500

Name a Kiwi and give it an identity everyone will know.

This is a fantastic lasting tribute and the perfect present for the person with everything.

You will also get to know if your sponsored kiwi will be making a public appearance as they sometimes do when they are being transported or given a bit of extra care.

For your \$1500 donation you will receive a 'naming certificate' and Whakapapa for your kiwi. You will also receive updates occasionally on how your kiwi is doing in the park.

Sponsor a Transmitter \$400 / year

Sponsoring a transmitter helps us keep track of the kiwi in the Rimutaka Forest Park.

All of the information gathered by the transmitters helps us to keep tabs on our kiwi population and tells us when something is wrong.

Not all kiwi wear transmitters because they are tricky to attach. The ones that do have them gather very important information about the population.

Your \$400 covers the purchase and fitting of a new transmitter. This happens every year so it is one of the biggest ongoing costs we face.

For your sponsorship you will receive a certificate with the name of the kiwi your transmitter is on. You will also receive updates with general information your transmitter may tell us about your bird.
